**60** A. Parental Choice Education Savings Accounts are established to provide the parent of a qualified  
**61** student with options for the education of the qualified student, consistent with § 1-240.1.

**62** B. The Department shall:

**63** 1. Establish guidelines for (i) the receipt, investigation, and substantiation by school principals of  
**64** reports of harassment, hazing, bullying, kidnapping, robbery, sexual offenses, assault, battery, threat, or  
**65** intimidation on school property by student victims and (ii) the notification of the student's parent by the  
**66** school principal when such a report has been substantiated, including notification of the availability of  
**67** the standard savings account application form created pursuant to subdivision 2.

**68** 2. Create a standard application form for the establishment of eligibility for a savings account by a  
**69** parent of a qualified student that shall be made readily available to interested parents of qualified  
**70** students through resident school divisions and various sources, including the Internet.

**71** 3. Establish savings account application and participation timelines that maximize qualified student  
**72** and resident school division participation and are consistent with the deadlines established in this  
**73** article.

**74** 4. Provide any interested parent of a qualified student with a written explanation of the allowable  
**75** uses of a savings account, the parent's responsibility relating to a savings account, and the duties of the  
**76** Department and resident school divisions relating to a savings account.

**79** 6. Adopt policies, processes, and procedures for the administration of savings accounts, as set forth  
**80** in subsection A of § 22.1-222.3.

**81** C. The parent of a qualified student shall make an initial application or annual renewal application

**86** 2. Not enroll the qualified student in any local school division in the Commonwealth in the school

**88** account pursuant to subsection E.

**89** 3. Release the resident school division from all obligations to educate the qualified student. For  
**90** qualified students who receive special education pursuant to an IEP, the receipt of a savings account  
**91** has the same effect as the enrollment of such qualified student by his parent in private school under 20

**112** 5 that were incurred prior to or during such quarter, including all applicable invoices and receipts, to

**114** quarter. Each resident school division shall determine, on the basis of policies and procedures  
**115** established by the Department pursuant to subsection A of § 22.1-222.3, the appropriateness of such  
**116** expenses on the basis of such receipts and invoices prior to making a savings account disbursement for  
**117** the subsequent quarter or renewing the written agreement.

**118** 7. Notify the resident school division in writing within 30 days of the date on which the qualified  
**119** student ceases to reside in the resident school division, in which case the parent of the qualified student  
**120** shall immediately cease to make additional expenditures for education-related expenses of the qualified

student and shall reimburse to the resident school division an amount equal to (i) the difference between the year-to-date disbursements to the savings account and the total annual amount that the parent of the qualified student would have received in the savings account, multiplied by (ii) the number of days during which the qualified student resided in the resident school division while the savings account contained disbursed funds divided by the total school days in the resident school division's current school year. The parent may spread such reimbursement payments over no more than four equal quarterly payments.

8. Submit to audits of the savings account.

D. The resident school division shall give written notice to any parent of a qualified student applying for or requesting renewal of a savings account as to the disposition of the application or renewal request no later than 14 days immediately succeeding such application or renewal request. The resident school division may send the parent a written notice requesting any additional information that is necessary to determine the final disposition of the application or renewal request. Such parent shall submit the requested information to the resident school division no later than 30 calendar days immediately succeeding such request for additional information. If the requested information is not received within such time, the resident school division may deny the application or renewal request. In the event that the resident school division denies any application or renewal request, the parent may appeal such denial no later than 30 calendar days immediately succeeding receipt of the notice of denial to the school board in the resident school division, and such school board shall hear and take action on such appeal no later than 30 calendar days immediately succeeding the receipt of the notice of appeal. In the event that the school board denies any such application or renewal request on appeal, the parent may appeal such denial no later than 30 calendar days immediately succeeding receipt of the notice of denial to an independent hearing officer chosen from the list maintained by the Executive Secretary of the Supreme Court. The costs of an appeal before an independent hearing officer shall be apportioned among the parties by the hearing officer in a manner consistent with his findings. If the parent prevails in an appeal before the independent hearing officer, the application or renewal request shall immediately be approved, effective on the date on which it was first submitted.

E. No later than 14 calendar days immediately succeeding the approval of an application or renewal request or submission of a quarterly expense summary, the resident school division shall make warrant for and disburse on a quarterly basis (i) to the appropriate savings account state funds in an amount that is equivalent to one quarter of 90 percent of all applicable annual Standards of Quality per pupil state funds appropriated for public school purposes and apportioned to the resident school division in which the qualified student resides, including the per pupil share of state sales tax funding in basic aid and any state per pupil share of special education funding to which the qualified student is eligible and (ii) to the Department retained savings. No resident school division shall transfer federal funds, the local share of Standards of Quality per pupil funds, or any portion of such local share to a savings account.

F. The Department shall disburse retained savings for the following purposes and in the following order: (i) establishing policies, processes, and procedures for managing and administering savings accounts; (ii) managing and administering savings accounts, including Department expenditures and third-party expenditures to qualified financial institutions, auditors as specified in subsection B of § 22.1-222.3, and other organizations; and (iii) other public elementary and secondary school purposes for which the Department is authorized to disburse funds.

G. Each qualified student whose parent has applied for and received a savings account shall be counted in the March 31 average daily membership or fall membership of the resident school division as a full-time equivalent student and shall be identified as such for the purpose of the calculation of the state share to be transferred to the savings account and, as applicable, to the Department as retained savings. No such qualified student shall be counted in the resident school division's required effort to meet actual need for required matching local funds as prescribed by the Standards of Quality. Each such qualified student shall be counted in the resident school division's required effort to meet actual need for required matching local funds for any other initiative supported by the Commonwealth that requires matching local funds.

H. The Department shall determine the Standards of Quality per pupil state funds for a qualified student and retained savings based on the current general appropriation act.

I. No later than November 1 of each year, each division superintendent shall certify and report to the Superintendent the number of qualified students in the school division whose parents have received a savings account and the amount of funds transferred to each such savings account and retained savings. No later than December 15 of each year, the Superintendent shall report to the Governor and the Chairmen of the House Committee on Appropriations and Senate Committee on Finance and Appropriations the name of each school division in which the parent of a qualified student has received a savings account, the number of qualified students whose parents have received a savings account, and

the total Standards of Quality state funding transferred to savings accounts and retained savings.

J. Any entity that receives moneys from a savings account shall refund, rebate, or otherwise remit any such moneys when such refund, rebate, or remission is required pursuant to policies and procedures established by the Department pursuant to subsection A of § 22.1-222.3, but no such entity shall refund, rebate, or otherwise remit any such moneys to a parent of a qualified student or a qualified student.

K. Upon a qualified student's graduation from high school, receipt of a high school equivalency certification, acceptance into an institution of higher education for full-time enrollment, or reaching the age of 22, whichever occurs first, his savings account shall be closed, and any funds remaining in the savings account shall be returned to the Commonwealth.

L. Moneys in a savings account received by a parent of a qualified student pursuant to this article do not constitute state taxable income to the parent.

**§ 22.1-222.3. Policies and procedures; audit.**

A. The Department shall establish policies, processes, and procedures for application, quarterly expense summary administration, renewal, and appeal pursuant to § 22.1-222.2. To the extent practicable, such policies, processes, and procedures shall take advantage of existing Department and resident school division policies, processes, and procedures and third-party automated solutions to minimize cost and improve effectiveness. Each resident school division shall comply with such policies and procedures and may establish additional local policies and procedures for the implementation of the Department's policies and procedures.

B. The Auditor of Public Accounts shall include in the specifications published pursuant to § 15.2-2511 for audits of all localities that contain a local school division a requirement that the independent certified public accountant who conducts the audit of the locality include in such audit tests of compliance with subdivisions C 4 and 5 of § 22.1-222.2. Any such adjustment to such specifications is exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

C. Upon finding that a parent of a qualified student made a knowing misrepresentation relating to any education-related expense from a savings account for a qualified student set forth in subdivision C 5 of § 22.1-222.2 or otherwise materially breached the written savings account agreement, the resident school division may rescind the written agreement, reclaim the remaining moneys in the savings account, and declare such parent ineligible for renewal of the written savings account agreement. The parent may appeal such decision as provided in subsection D of § 22.1-222.2.

D. The resident school division may refer to the appropriate state agency for investigation any incident in which it finds evidence of fraudulent use of moneys in a savings account by a parent of a qualified student.

E. If any education-related expense from a savings account for a qualified student is determined to be invalid, the resident school division shall direct the qualified financial institution to withhold subsequent disbursements until the parent of the qualified student reimburses the expense that was determined to be invalid.

**§ 22.1-222.4. Savings account administration.**

The Department shall contract through scholarship foundations or with one or more qualified financial institutions to establish and require such scholarship foundations or qualified financial institutions to manage savings accounts that comply with the provisions of this article. Department-approved costs associated with the ongoing administration of the savings account and compliance with this article are allowable account fees that may be passed to the savings account holder.

**§ 22.1-222.5. Scope of article.**

A. Nothing in this article shall be construed to permit any agency of the Commonwealth to exercise control or supervision over any private school or program of home instruction.

B. No qualified school that receives moneys from a savings account pursuant to this article shall be considered an agent of the state or federal government.

C. No qualified school shall be required to alter its creed, practices, admissions policies, or curriculum in order to receive moneys from a savings account pursuant to this article.

D. In any legal proceeding challenging the application of this article to a qualified school, the Commonwealth bears the burden of establishing that the law is necessary and does not impose any undue burden on the qualified school.

E. If any education-related expense from a savings account for a qualified student set forth in subdivision C 5 of § 22.1-222.2 is held to be invalid, such holding shall not affect the validity of any other education-related expense of a qualified student set forth in such subdivision.

F. Nothing in this article shall be deemed to prohibit a parent of a qualified student or a qualified student from making expenditures for the education-related expenses set forth in subdivision C 5 of § 22.1-222.2 from a source other than a savings account.
