§ 53.1-1.1. Telephone systems within correctional facilities.

The Department of Corrections shall offer debit or prepaid telephone systems, in addition to any existing collect calling systems, which allow telephone calls to be placed to the telephone number or numbers on an approved call list. Such telephone systems may be established with the lowest available rates. Telephone services shall be provided at no cost to the inmate or to any recipient of a call from an inmate. The maximum number of telephone numbers permitted on an approved call list shall be no less than 20. A minimum ratio of one telephone per every 15 inmates shall be available within each housing unit at each correctional facility. Neither the Department nor any correctional facility shall receive any commission from such telephone systems.

§ 53.1-27. Establishment of stores in state correctional facilities.

The Director is hereby authorized to provide for the establishment and operation of stores or commissaries in state correctional facilities to deal in such articles as he deems proper. The profits from the operation of such stores shall be used for educational, recreational, or pre-release and post-release reentry and transition services, or other purposes beneficial to the inmate population as may be prescribed by the Director. The cost of items or services sold by such stores or commissaries, including the sale or rental of electronic devices or media, shall not exceed 10 percent of the cost of the typical market rate for such goods and services in major retail stores that are not affiliated with any correctional facility. The Department shall not receive any commissions or markups from the products or services sold.

§ 53.1-28. Authority to fix discharge date; improper release; warrant, arrest, and hearing.

For the purpose of scheduling and providing a uniform, effective, and continual program of pre-release training and conditioning of prisoners, the Director shall have authority to discharge any prisoner within the Virginia penal system on any day within a period of 30 days prior to the date upon which such prisoner's term would normally expire. The Director shall provide, without cost, each prisoner with the following documents upon discharge: (i) verification of the prisoner's work history while in custody; (ii) certification of all educational and treatment programs completed by the prisoner while in custody; and (iii) a complete and comprehensive copy of his medical records, so long as such prisoner requests a copy of his records at least 60 days prior to the date upon which the prisoner's term would expire. The Department shall develop procedures wherein the records are to be made available to the prisoner in a safe and secure manner.

The Director or his designee upon the discovery of an improper release or discharge of a prisoner from custody shall report such release or discharge to the circuit court of the jurisdiction wherein the prisoner was released or discharged. The circuit court shall then issue a warrant for the arrest of the prisoner which may be executed by any duly sworn correctional officer or law-enforcement officer. Such warrant shall direct that the prisoner be presented forthwith to the court to determine the propriety of the original discharge or release. After a hearing, if the court is satisfied that the release or discharge was made improperly, the prisoner shall be returned to the state correctional facility from which he was released or discharged, or to any other correctional facility designated by the Director to serve the remainder of his sentence.
