69 pursuant to § 46.2-373. No such information shall include any record of any conviction or crash more
70 than 60 months after the date of such conviction or crash unless the Commissioner or court used the
71 conviction or crash as a reason for the suspension or revocation of a driver's license or driving privilege,

73 be included in such information after 60 months from the date on which the driver's license or driving
74 privilege was reinstated. The response of the Commissioner under this subdivision shall not be
75 admissible in evidence in any court proceedings.

77 self-insurance pool, law-enforcement officer, attorney for the Commonwealth, or court, or the authorized
78 agent of any of the foregoing, the Commissioner shall compare personal information supplied by the
79 requester with that contained in the Department's records and, when the information supplied by the
80 requester is different from that contained in the Department's records, provide the requester with correct
81 information as contained in the Department's records. The Commissioner shall also provide driver,

84 request in accordance with this subdivision, the Commissioner shall furnish a certificate, under seal of
85 the Department, setting forth a distinguishing number or license plate of a motor vehicle, trailer, or
86 semitrailer, together with the name and address of its owner. The certificate shall be prima facie
87 evidence in any court in the Commonwealth of the ownership of the vehicle, trailer, or semitrailer to
88 which the distinguishing number or license plate has been assigned by the Department. However, the
89 Commissioner shall not release any photographs pursuant to this subdivision unless the requester
90 provides the depicted individual's name and other sufficient identifying information contained on such
91 individual's record. The information in this subdivision shall be provided free of charge.

92 The Department shall release to a requester information that is required for a requester to carry out
93 the requester's official functions in accordance with this subdivision. If the requester has entered into an
94 agreement with the Department, such agreement shall be in a manner prescribed by the Department, and
95 such agreement shall contain the legal authority that authorizes the performance of the requester's
96 official functions and a description of how such information will be used to carry out such official
97 functions. If the Commissioner determines that sufficient authority has not been provided by the
98 requester to show that the purpose for which the information shall be used is one of the requester's
99 official functions, the Commissioner shall refuse to enter into any agreement. If the requester submits a
100 request for information in accordance with this subdivision without an existing agreement to receive the
101 information, the request shall be in a manner prescribed by the Department, and such request shall
102 contain the legal authority that authorizes the performance of the requester's official functions and a
103 description of how such information will be used to carry out such official functions. If the
104 Commissioner determines that sufficient authority has not been provided by the requester to show that
105 the purpose for which such information shall be used is one of the requester's official functions, the
106 Commissioner shall deny such request.

107 Notwithstanding the provisions of this subdivision, the Department shall not disseminate to any
108 federal, state, or local government entity, law-enforcement officer, or law-enforcement agency any
109 privileged information for any purposes related to civil immigration enforcement unless (i) the subject of
110 the information provides consent or (ii) the requesting agency presents a lawful judicial order, judicial
111 subpoena, or judicial warrant. When responding to a lawful judicial order, judicial subpoena, or judicial
112 warrant, the Department shall disclose only those records or information specifically requested. Within
113 three business days of receiving a request for information for the purpose of civil immigration
114 enforcement, the Commissioner shall send a notification to the individual about whom such information
115 was requested that such a request was made and the identity of the entity that made such request.

116 The Department shall not enter into any agreement pursuant to subsection E with a requester
117 pursuant to this subdivision unless the requester certifies that the information obtained will not be used
118 for civil immigration purposes or knowingly disseminated to any third party for any purpose related to
119 civil immigration enforcement.

120 10. Upon the request of the driver licensing authority in any foreign country, the Commissioner shall

Such transcript shall be provided free of charge if the request is accompanied by appropriate written evidence that the person is a member of or applicant for membership in a volunteer fire company or a volunteer emergency medical services agency and the transcript is needed by the requester to establish the qualifications of the member, volunteer, or applicant to operate equipment owned by the volunteer fire company or volunteer emergency medical services agency.

13. Upon the written request of a Virginia affiliate of Big Brothers Big Sisters of America, a Virginia affiliate of Compeer, or the Virginia Council of the Girl Scouts of the USA, and with the consent of the individual who is the subject of the information and has applied to be a volunteer with the requester, or on the written request of a Virginia chapter of the American Red Cross, a Virginia chapter of the Civil Air Patrol, or Faith in Action, and with the consent of the individual who is the subject of the information and applied to be a volunteer vehicle operator with the requester, the Commissioner shall (i) compare personal information supplied by the requester with that contained in the Department's records and, when the information supplied by the requester is different from that contained in the Department's records, provide the requester with correct information as contained in the Department's records and (ii) provide driver information in the form of a transcript of the applicant's record, including all convictions, all crashes, any type of driver's license that the individual currently possesses, and all license suspensions, revocations, cancellations, or forfeitures. 230 and the vehicle information, including all descriptive vehicle data and title and registration data, for such
231 vehicle.

232 32. Notwithstanding the provisions of this section other than subdivision 33, the Department shall not
233 release, except upon request by the subject of the information, the guardian of the subject of the
234 information, the parent of a minor who is the subject of the information, or the authorized agent of the
235 subject of the information, or pursuant to a court order, (i) proof documents submitted for the purpose
236 of obtaining a driving credential or a special identification card, (ii) the information in the Department's

238 issuance of a driving credential or a special identification card. As used in this subdivision, "proof
239 document" means any document not originally created by the Department that is submitted to the
240 Department for the issuance of any driving credential or special identification card. "Proof document"
241 does not include any information contained on a driving credential or special identification card.

242 33. Notwithstanding the provisions of this section, the Department may release the information in the
243 Department's records that it deems reasonable and necessary for the purpose of federal compliance

audits.

C. Information disclosed or furnished shall be assessed a fee as specified in § 46.2-214, unless as otherwise provided in this section.

D. Upon the receipt of a completed application and payment of applicable processing fees, the Commissioner may enter into an agreement with any governmental authority or business to exchange information specified in this section by electronic or other means.

E. The Department shall not release any privileged information pursuant to this title unless the Department has entered into a written agreement authorizing such release. The Department shall require the requesting entity to specify the purpose authorized pursuant to this title that forms the basis for the request and provide the permissible purpose as defined under 18 U.S.C. § 2721(b). Privileged information requested by an entity that has been altered or aggregated may be used only for the original purposes specified in the written agreement consistent with this title. The requesting entity shall disseminate privileged information only to third parties subject to the original purpose specified in the written agreement consistent with this title. Any agreement that does not allow third-party distribution shall include a statement that such distribution is prohibited. Such agreement may limit the scope of any authorized distribution consistent with this title. Privileged information distributed to any third party shall only be further distributed by such third party subject to the original purpose specified and consistent with this title, or unless such third party is the subject of the information, the parent of a minor who is the subject of the information, the guardian of the subject of the information, the authorized agent or representative of the subject of the information, or the owner of the vehicle that is the subject of the information.

Any agreement entered into pursuant to this subsection between the Department and the Department of State Police shall specify (i) that privileged information shall be distributed only to authorized personnel of an entity meeting the definition of a criminal justice agency as defined in § 9.1-101 and other comparable local, state, and federal criminal justice agencies and entities issued a Virginia S-Originating Agency Identification (S-ORI) status; (ii) that privileged information shall be accessed, used, and disseminated only for the administration of criminal justice as defined in § 9.1-101; and (iii) that no local, state, or federal government entity, through the Virginia Criminal Information Network (VCIN) or any other method of dissemination controlled by the Department of State Police, has access to information stored by the Department in violation of the protections contained in this section. The Department of State Police shall notify the Department prior to when a new entity is to be granted S-ORI status and provide a copy of the S-ORI application to the Department. The Department of State Police shall not allow any entity to access Department data through VCIN if the Department objects in writing to the entity obtaining such data.

The provisions of this subsection shall not apply to (a) requests for information made pursuant to subdivision B 4; (b) a request made by an entity authorized to receive privileged information pursuant to subsection B, provided that such request is made on a form provided by the Department, other than a written agreement, that requires the requester to certify that such entity is entitled to receive such information pursuant to this title, state the purpose authorized pursuant to subsection B that forms the basis for the request, explain why the information requested is necessary to accomplish the stated purpose, and certify that the information will be used only for the stated purpose and the information received shall not be disseminated to third parties unless there is authorization to do so; or (c) the release of information to a law-enforcement officer or agency during an emergency situation, provided that (1) the requesting entity is authorized to receive such information pursuant to subdivision B 9, (2) the timely release of such information is in the interest of public safety, and (3) the requesting entity completes the form required pursuant to clause (b) within 48 hours of the release of such information.

F. Any person that receives any privileged information that such person knows or has reason to know was received in violation of this title shall not disseminate any such information and shall notify the Department of the receipt of such privileged information.

G. The Department shall conduct audits annually based on a risk assessment to ensure that privileged information released by the Department pursuant to this title is being used as authorized by law and pursuant to the agreements entered into by the Department. If the Department finds that privileged information has been used in a manner contrary to law or the relevant agreement, the Department may revoke access.

H. Any request for privileged information by an authorized agent of a governmental entity shall be governed by the provisions of subdivision B 9.

§ 46.2-882.1. Use of photo speed monitoring devices in highway work zones and school crossing zones; civil penalty.

A. For the purposes of this section:

"Highway work zone" has the same meaning ascribed to it in § 46.2-878.1.

"Locality-designated highway segment" means any highway or portion thereof designated in a local

ordinance adopted pursuant to this section on which photo speed monitoring devices may be placed and operated as provided in this section.

"Locality-designated speeding offense" means the provisions of this article regarding speed limits that are enforceable by a photo speed monitoring device as designated in a local ordinance adopted pursuant to this section.

"Photo speed monitoring device" means equipment that uses radar or LIDAR-based speed detection and produces one or more photographs, microphotographs, videotapes, or other recorded images of vehicles.

"School crossing zone" has the same meaning ascribed to it in § 46.2-873.

B. A state or local law-enforcement agency may place and operate a photo speed monitoring device in school crossing zones for the purposes of recording violations of § 46.2-873 and in highway work zones for the purposes of recording violations of § 46.2-878.1.

C. A locality may, by ordinance, authorize its local law-enforcement agency to place and operate a photo speed monitoring device on a locality-designated highway segment located within the locality for the purpose of recording locality-designated speeding offenses, provided that (i) the highway has a posted maximum speed of 35 miles per hour or greater; (ii) the ordinance identifies the locality-designated speeding offense to be enforced by the photo speed monitoring device; (iii) speeding, crash, or fatality data support the need for stronger enforcement against speeding; (iv) in counties and towns whose roads are subject to the control and jurisdiction of the Department of Transportation, the locality-designated highway segment shall be in the secondary state highway system; and (v) the Superintendent, upon request of the chief law-enforcement officer for the locality, annually certifies that the speed limit on the locality-designated highway segment cannot be safely enforced without the use of a photo speed monitoring device. No photo speed monitoring device shall be operated over one year after the device was last certified by the Superintendent as provided in clause (v).

1. D. The operator of a vehicle shall be liable for a monetary civil penalty imposed pursuant to this section if such vehicle is found, as evidenced by information obtained from a photo speed monitoring device, to be traveling at speeds of at least 10 miles per hour above the posted school crossing zone or highway work zone speed limit within such school crossing zone or highway work zone, or the posted speed limit within such locality-designated highway segment. Such civil penalty shall not exceed \$100, and any prosecution shall be instituted and conducted in the same manner as prosecution for traffic infractions. Civil penalties collected under this section for violations recorded as authorized in subsection B resulting from a summons issued by a local law-enforcement officer shall be paid to the locality in which such violation occurred. Civil penalties collected under this section (i) for violations recorded as authorized in subsection B resulting from a summons issued by a law-enforcement officer employed by the Department of State Police and (ii) for violations recorded as authorized in subsection C shall be paid into the Literary Fund.

2. E. If a photo speed monitoring device is used, proof of a violation of § 46.2-873 or 46.2-878.1 or a locality-designated speeding offense shall be evidenced by information obtained from such device. A certificate, or a facsimile thereof, sworn to or affirmed by a law-enforcement officer, based upon inspection of photographs, microphotographs, videotapes, or other recorded images produced by a photo speed monitoring device, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotapes, or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation of § 46.2-873 or 46.2-878.1 or a locality-designated speeding offense.

3. F. In the prosecution for a violation of § 46.2-873 or 46.2-878.1 or a locality-designated speeding offense in which a summons was issued by mail, prima facie evidence that the vehicle described in the summons issued pursuant to this section was operated in violation of § 46.2-873 or 46.2-878.1 or a locality-designated speeding offense, together with proof that the defendant was at the time of such violation the owner, lessee, or renter of the vehicle, shall constitute in evidence a rebuttable presumption that such owner, lessee, or renter of the vehicle was the person who committed the violation. Such presumption shall be rebutted if the owner, lessee, or renter of the vehicle (i) files an affidavit by regular mail with the clerk of the general district court that he was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person who was operating the vehicle at the time of the alleged violation or (ii) testifies in open court under oath that he was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person who was operating the vehicle at the time of the alleged violation. Such presumption shall also be rebutted if a certified copy of a police report, showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation of § 46.2-873 or 46.2-878.1 or a locality-designated speeding offense, is presented, prior to the return date established on the summons issued pursuant to this section, to the court adjudicating the alleged violation.

4. G. Imposition of a penalty pursuant to this section by mailing a summons shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom

such liability is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. However, if a law-enforcement officer uses a photo speed monitoring device to record a violation of § 46.2-873 or 46.2-878.1 *or a locality-designated speeding offense* and personally issues a summons at the time of the violation, the conviction that results shall be made a part of such driver's driving record and used for insurance purposes in the provision of motor vehicle insurance coverage.

5. *H.* A summons for a violation of § 46.2-873 or 46.2-878.1 *or a locality-designated speeding offense* issued by mail pursuant to this section may be executed pursuant to § 19.2-76.2. Notwithstanding the provisions of § 19.2-76, a summons issued by mail pursuant to this section may be executed by mailing by first-class mail a copy thereof to the owner, lessee, or renter of the vehicle. In the case of a vehicle owner, the copy shall be mailed to the address contained in the records of or accessible to the Department. In the case of a vehicle lessee or renter, the copy shall be mailed to the address contained in the records of the lessor or renter. Every such mailing shall include, in addition to the summons, a notice of (i) the summoned person's ability to rebut the presumption that he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit as provided in subdivision 3 and (ii) instructions for filing such affidavit, including the address to which the affidavit is to be sent. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3. No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for failure to appear on the return date of the summons. If the summons is issued to an owner, lessee, or renter of a vehicle with a registration outside the Commonwealth and such person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons will be eligible for all legal collections activities. Any summons executed for a violation of § 46.2-873 or 46.2-878.1 *or a locality-designated speeding offense* issued pursuant to this section shall provide to the person summoned at least 30 days from the mailing of the summons to inspect information collected by a photo speed monitoring device in connection with the violation. If the law-enforcement agency that was operating the photo speed monitoring device does not execute a summons for a violation of § 46.2-873 or 46.2-878.1 *or a locality-designated speeding offense* issued pursuant to this section within 30 days from the date of the violation, all information collected pertaining to that suspected violation shall be purged within 60 days from the date of the *suspected* violation.

6. *I.* A private vendor may enter into an agreement with a law-enforcement agency to be compensated for providing a photo speed monitoring device and all related support services *for recording violations as authorized in subsection B*, including consulting, operations, and administration.
