6 **Be it enacted by the General Assembly of Virginia:**7 **1. That § 62.1-44.15:67 of the Code of Virginia is amended and reenacted as follows:**8 **§ 62.1-44.15:67. Cooperative state-local program.**

9 A. Healthy state and local economies and a healthy Chesapeake Bay are integrally related; balanced
10 economic development and water quality protection are not mutually exclusive. The protection of the
11 public interest in the Chesapeake Bay, its tributaries, and other state waters and the promotion of the
12 general welfare of the people of the Commonwealth require that (i) the counties, cities, and towns of
13 Tidewater Virginia incorporate general water quality protection measures into their comprehensive plans,
14 zoning ordinances, and subdivision ordinances; (ii) the counties, cities, and towns of Tidewater Virginia
15 establish programs, in accordance with criteria established by the Commonwealth, that define and protect
16 certain lands, hereinafter called Chesapeake Bay Preservation Areas, which if improperly developed may
17 result in substantial damage to the water quality of the Chesapeake Bay and its tributaries; (iii) the
18 Commonwealth make its resources available to local governing bodies by providing financial and
19 technical assistance, policy guidance, and oversight when requested or otherwise required to carry out
20 and enforce the provisions of this article; and (iv) all agencies of the Commonwealth exercise their
21 delegated authority in a manner consistent with water quality protection provisions of local
22 comprehensive plans, zoning ordinances, and subdivision ordinances when it has been determined that
23 they comply with the provisions of this article.

24 B. Local governments have the initiative for planning and for implementing the provisions of this
25 article, and the Commonwealth shall act primarily in a supportive role by providing oversight for local
26 governmental programs, by establishing criteria as required by this article, and by providing those
27 resources necessary to carry out and enforce the provisions of this article.

28 C. *Each local government in Tidewater Virginia shall publish on its website the elements and*
29 *criteria adopted to implement its local plan as required by this article, including those elements and*
30 *criteria required by 9VAC25-830-60 for local programs.*
