66 activities relating to the safety and welfare of the Commonwealth in time of disasters.

67 The Governor shall have, in addition to his powers hereinafter or elsewhere prescribed by law, the  
68 following powers and duties:

69 (1) To proclaim and publish such rules and regulations and to issue such orders as may, in his  
70 judgment, be necessary to accomplish the purposes of this chapter including, but not limited to such

106 ~~again issue the same rule, regulation, or order but shall thereafter be prohibited from issuing the same~~  
107 ~~or a similar rule, regulation, or order relating to the same emergency.~~

108 Notwithstanding the foregoing or any other provision of law, the Governor shall not issue any rule,  
109 regulation, or order pursuant to this subdivision unless, on the basis of the evidence available to the  
110 Governor, (i) such rule, regulation, or order is necessary to address a compelling circumstance; (ii) no  
111 alternatives to the proposed rule, regulation, or order that are reasonable in light of the impact on  
112 quality of life and economic well-being exist; and (iii) the provisions of such rule, regulation, or order  
113 are narrowly tailored to address the compelling circumstance. Evidence considered by the Governor in  
114 issuing such rule, regulation, or order shall be made part of the record of such decision. The Governor  
115 may extend a rule, regulation, or order issued pursuant to this paragraph one time, for a period not to  
116 exceed 15 days, if (a) the Governor provides notice of his intent to extend the rule, regulation, or order  
117 and holds at least one public hearing, which shall include opportunity for public comment, prior to such  
118 extension and (b) on the basis of the evidence available to the Governor, (1) such rule, regulation, or  
119 order is necessary to address a compelling circumstance; (2) no alternatives to the proposed rule,  
120 regulation, or order that are reasonable in light of the impact on quality of life and economic

well-being exist; and (3) the provisions of such rule, regulation, or order are narrowly tailored to address the compelling circumstance. Evidence considered by the Governor in extending such rule, regulation, or order shall be made part of the record of such decision. For the purposes of this paragraph, any rule, regulation, or order that (1) limits the number of individuals who may gather together in person, in public or private, or (2) categorizes individuals on the basis of their relationship to or association with such individuals and limits the categories of individuals with whom an individual who is not known or reasonably suspected to have been exposed to or infected with a communicable disease of public health threat may associate shall be deemed to negatively impact the quality of life and economic well-being of residents of the Commonwealth. Any rule, regulation, or order adopted pursuant to this section shall comply with the requirements of § 57-2.02;

(2) To appoint a State Coordinator of Emergency Management and authorize the appointment or employment of other personnel as is necessary to carry out the provisions of this chapter, and to remove, in his discretion, any and all persons serving hereunder;

(4) To make such studies and surveys of industries, resources, and facilities in the Commonwealth as may be necessary to ascertain the capabilities of the Commonwealth and to plan for the most efficient emergency use thereof;

(5) On behalf of the Commonwealth enter into mutual aid arrangements with other states and to coordinate mutual aid plans between political subdivisions of the Commonwealth. After a state of emergency is declared in another state and the Governor receives a written request for assistance from the executive authority of that state, the Governor may authorize the use in the other state of personnel, equipment, supplies, and materials of the Commonwealth, or of a political subdivision, with the consent of the chief executive officer or governing body of the political subdivision;

(6) To delegate any administrative authority vested in him under this chapter, and to provide for the further delegation of any such authority, as needed;

(7) Whenever, in the opinion of the Governor, the safety and welfare of the people of the Commonwealth require the exercise of emergency measures due to a threatened or actual disaster, he may declare a state of emergency to exist;

(8) To request a major disaster declaration from the President, thereby certifying the need for federal disaster assistance and ensuring the expenditure of a reasonable amount of funds of the Commonwealth, its local governments, or other agencies for alleviating the damage, loss, hardship, or suffering resulting from the disaster;

(9) To provide incident command system guidelines for state agencies and local emergency response organizations; and

(10) Whenever, in the opinion of the Governor or his designee, an employee of a state or local public safety agency responding to a disaster has suffered an extreme personal or family hardship in the affected area, such as the destruction of a personal residence or the existence of living conditions that imperil the health and safety of an immediate family member of the employee, the Governor may direct the Comptroller of the Commonwealth to issue warrants not to exceed \$2,500 per month, for up to three calendar months, to the employee to assist the employee with the hardship.

189 violation shall be punishable as a civil penalty, such violation shall be charged by summons and may be  
190 executed by a law-enforcement officer when such violation is observed by the officer. The summons  
191 used by a law-enforcement officer pursuant to this section shall be, in form, the same as the uniform

206 *again issue the same rule, regulation, or order but shall thereafter be prohibited from issuing the same*  
207 *or a similar rule, regulation, or order relating to the same emergency.*

208 Notwithstanding the foregoing or any other provision of law, the Governor shall not issue any rule,  
209 regulation, or order pursuant to this subdivision unless, on the basis of the evidence available to the  
210 Governor, (i) such rule, regulation, or order is necessary to address a compelling circumstance; (ii) no

212 quality of life and economic well-being exist; and (iii) the provisions of such rule, regulation, or order  
213 are narrowly tailored to address the compelling circumstance. Evidence considered by the Governor in  
214 issuing such rule, regulation, or order shall be made part of the record of such decision. The Governor  
215 may extend a rule, regulation, or order issued pursuant to this paragraph one time, for a period not to  
216 exceed 15 days, if (a) the Governor provides notice of his intent to extend the rule, regulation, or order

However, if federal funding is not available to establish and fund the program, the Governor shall, prior to making such purchases, receive a contract for payment for purchase from the private nongovernmental entities for the full cost of procuring and distributing the PPE, which shall include any amortized costs of administering the program. Any purchase made by the Governor pursuant to this subdivision shall be exempt from the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.), except the Governor shall be encouraged to comply with the provisions of § 2.2-4310 when possible. The Governor shall also provide for competition where practicable and include a written statement regarding the basis for awarding any contract. Prior to implementing such a program, the Department of Emergency Management shall consult with and survey private, nongovernmental entities in order to assess demand for participation in the program as well as the quantity and types of personal protective equipment such entities would like to procure.

319 *violations of the same executive order.*

320 Such executive orders declaring a state of emergency may address exceptional circumstances that  
321 exist relating to an order of quarantine or an order of isolation concerning a communicable disease of
