HOUSE BILL NO. 870

Offered January 12, 2022

Prefiled January 12, 2022

A BILL to amend and reenact § 9.1-501 of the Code of Virginia, relating to law-enforcement officers; conduct of investigation.

Patron—Lopez

Referred to Committee on Public Safety

Be it enacted by the General Assembly of Virginia:**1. That § 9.1-501 of the Code of Virginia is amended and reenacted as follows:****§ 9.1-501. Conduct of investigation.**

The provisions of this section shall apply whenever an investigation by an agency focuses on matters which could lead to the dismissal, demotion, suspension or transfer for punitive reasons of a law-enforcement officer:

1. Any questioning of the officer shall take place at a reasonable time and place as designated by the investigating officer, preferably when the officer under investigation is on duty and at the office of the command of the investigating officer or at the office of the local precinct or police unit of the officer being investigated, unless matters being investigated are of such a nature that immediate action is required. *If the investigation involves an officer-involved shooting as defined in § 52-28.2 or an instance of alleged use of excessive force, the officer shall be questioned not more than 24 hours after the incident is reported.*

2. Prior to the officer being questioned, he shall be informed of (i) the name and rank of the investigating officer and of any individual to be present during the questioning and (ii) the nature of the investigation.

3. When a blood or urine specimen is taken from a law-enforcement officer for the purpose of determining whether the officer has used drugs or alcohol, the specimen shall be divided and placed into two separate containers. One specimen shall be tested while the other is held in a proper manner to preserve the specimen by the facility collecting or testing the specimen. Should the first specimen test positive, the law-enforcement officer shall have the right to require the second specimen be sent to a laboratory of his choice for independent testing in accordance generally with the procedures set forth in §§ 18.2-268.1 through 18.2-268.12. The officer shall notify the chief of his agency in writing of his request within 10 days of being notified of positive specimen results. The laboratory chosen by the officer shall be accredited or certified by one or more of the following: the College of American Pathologists (CAP), the United States Department of Health and Human Services Substance Abuse and Mental Health Services Administration (SAMHSA), the American Board of Forensic Toxicology (ABFT), or an accrediting body that requires conformance to forensic-specific requirements and that is a signatory to the International Laboratory Accreditation Cooperation (ILAC) Mutual Recognition Arrangement with a scope of accreditation that covers the testing being performed.
