B. Regional charter school divisions shall consist only of public charter schools established pursuant to this article.

§ 22.1-212.16:3. Applicability of other laws, regulations, policies, and procedures.

A. Public charter schools are subject to all federal laws and authorities as set forth in this article and the charter contract with the regional school board.

B. Public charter schools are subject to the same civil rights, health, and safety requirements applicable to other public schools in the Commonwealth, except as otherwise provided in this article.

C. Public charter schools are subject to the student assessment and accountability requirements applicable to other public schools in the Commonwealth, but nothing in this article precludes a public charter school from establishing additional student assessment measures that go beyond state requirements if the school's authorizer approves such measures.

D. Management committees of public charter schools are subject to and shall comply with the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

E. No public charter school shall discriminate against any individual on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, or need for special education services or any other unlawful basis, and each public charter school shall be subject to any court-ordered desegregation plan in effect for the school division.

I. For the purpose of allowing flexibility to innovate in areas such as scheduling, personnel, funding, and educational programs to improve student outcomes and academic achievement, public charter schools are not subject to, and are exempt from, all other state statutes and regulations applicable to local school divisions and school boards. Except as provided otherwise by this article or a charter contract, charter schools are exempt from all local school division policies.

§ 22.1-212.16:4. Charter application and review.

A. Any person, group, or organization, including any institution of higher education, may submit an application to the Board of Education for the formation of a public charter school located in a regional

B. Such applications shall be received and reviewed by the Board. The Board shall establish procedures for receiving, reviewing, and commenting upon applications. The Board shall post such procedures on its website and make a copy of such procedures available to all interested parties upon request. If the Board finds the public charter school application is incomplete, the board shall request the necessary information from the charter applicant. The Board shall recommend approval or denial of the application to the school board of the relevant regional school division. Such recommendation is not binding on the school board. If the Board has not established a regional charter school division in the location in which the public charter school will be located, the Board will hold a public hearing regarding the establishment of a regional charter school division in such location, provided that the conditions for the establishment of such school division set forth in subdivision A 4 of § 22.1-25 are met.

C. The school board shall establish procedures for receiving, reviewing, and commenting upon applications. The school board shall post such procedures on its website and make a copy of such procedures available to all interested parties upon request.

D. To provide appropriate opportunity for input from parents, teachers, citizens, and other interested parties and to obtain information to assist the school board in its decisions to grant or deny a public charter school application, the school board shall establish a procedure for public notice and to receive comment on public charter school applications. The school board shall give at least 14 days' notice of its intent to receive public comment on an application.

E. If the school board denies a public charter school application or revokes or fails to renew a charter agreement, it shall provide to the applicant or grantee its reasons, in writing, for such decision, and it shall post such reasons on its website. A public charter school applicant whose application was denied, or a grantee whose charter was revoked or not renewed, shall be entitled to petition the Board for reconsideration. The petition for reconsideration shall be filed no later than 60 days from the date the public charter school application is denied, revoked, or not renewed. Such reconsideration shall be decided within 60 days of the filing of the petition.

E. Prior to seeking reconsideration, an applicant or grantee may seek technical assistance from the Superintendent of Public Instruction to address the reasons for denial, revocation, or nonrenewal.

F. Upon reconsideration, the decision of the school board to grant or deny a public charter school application or to revoke or fail to renew a charter agreement shall be final and not subject to appeal.

G. The Board shall promulgate regulations establishing requirements for (i) charter applicants and governing board members including an appropriate background check and an oath of office; ethical and conflict of interest standards; and standards and procedures for removal for cause and (ii) charter contracts including provisions governing wind-up or closure of schools; requiring return of all net assets of a closed school to be returned to the school board of the regional charter school division; and authorizing the school board to remove all charter governing board members for convenience and to wind up public charter school operations.

H. The school board of a regional charter school division shall not be legally responsible for the debts or liabilities of a charter school operating within the regional charter school division.

§ 22.1-212.16:5. Public charter school term; renewals and revocations.

A. A charter may be approved or renewed for a period not to exceed five school years. A renewal application shall first be submitted to the Board. The Board shall recommend approval or denial of the renewal application to the school board of the relevant regional charter school division. The Board's recommendation is not binding on the school board.

B. A public charter school renewal application submitted to the Board and the school board shall contain:

1. A report on the progress of the public charter school in achieving the goals, objectives, and program and performance standards for students and such other conditions and terms as the Board may require upon granting initial approval of the charter application; and

2. A financial statement, on forms prescribed by the school board, that discloses the costs of administration, instruction, and other spending categories for the public charter school and that has been concisely and clearly written to enable the school board and the public to compare such costs to those of other schools or comparable organizations.

C. The school board may revoke a charter if the public charter school:

1. Violates the conditions, standards, or procedures established in the public charter school application;

2. Fails to meet or make reasonable progress toward achievement of the content standards or student performance standards identified in the charter application;

3. Fails to meet generally accepted standards of fiscal management; or

4. Violates any provision of law from which the public charter school was not specifically exempted.

D. Nothing in this section shall be construed to restrict the authority of the school board to decline

to renew a charter agreement.

§ 22.1-212.16:6. Contracts for public charter schools.

A. Within 90 days of approval of a charter application, the school board and the management committee of the approved public charter school shall execute a charter contract that clearly sets forth (i) the academic and operational performance expectations and measures by which the public charter school will be judged and (ii) the administrative relationship between the school board and public charter school, including each party's rights and duties. Such 90-day period may be extended by a period not to exceed 30 days by mutual agreement of the parties. Such performance expectations and measures shall include applicable federal and state accountability requirements and may be refined or amended by mutual agreement after the public charter school has collected baseline achievement data for its enrolled students.

B. The academic and operational performance expectations and measures in the charter contract shall be based on a performance framework that clearly sets forth the academic and operational performance indicators, measures, and metrics that will guide the school board's evaluations of each public charter school. The performance framework shall include indicators, measures, and metrics for:

1. Student academic proficiency;
2. Student academic growth;
3. Achievement gaps in both proficiency and growth between the major student subgroups based on gender, race, poverty status, special education status, English language learner status, and gifted status;
4. Attendance;
5. Recurrent annual enrollment;
6. Postsecondary education readiness of high school students;
7. Financial performance and sustainability; and
8. The performance and stewardship of the management committee, including compliance with all applicable laws, regulations, and terms of the charter contract.

C. The performance framework shall allow the inclusion of additional rigorous, valid, and reliable indicators proposed by a public charter school to augment external evaluations of its performance, provided that the school board approves the quality and rigor of such indicators and such indicators are consistent with the purposes of this article.

D. The performance framework shall require the disaggregation of all student performance data by major student subgroups based on gender, race, poverty status, special education status, English language learner status, and gifted status.

E. Annual performance targets shall be set by each public charter school and the school board and shall be designed to help each school meet applicable federal, state, and school board expectations.

F. The charter contract shall be signed by the chairman of the school board and the president or chairman of the public charter school's management committee. Within 10 days of executing a charter contract, the school board shall submit to the Board written notification of the charter contract execution, including a copy of the executed charter contract and any attachments.

G. No public charter school shall commence operations without a charter contract executed in accordance with this section and approved in an open meeting of the school board.

H. If the charter application proposes a program to increase the educational opportunities for at-risk students, including those proposals for residential charter schools for at-risk students, the Board shall approve an Individual School Accreditation Plan for the evaluation of the performance of the school as authorized by the Standards of Accreditation pursuant to 8VAC20-131-420 D of the Virginia Administrative Code.

I. Any material revision of the terms of the contract may be made only with the approval of the school board and the management committee of the public charter school.

§ 22.1-212.16:7. Funding.

A. For any public charter school located in a regional charter school division, any student who enrolls shall have the state share of Standards of Quality per pupil funding of the local school division in which the student resides transferred to such school. The total per pupil funding transferred shall consist of the per pupil amounts on the basis of March 31 average daily membership and the per pupil share of state sales tax funding in basic aid. The Department of Education shall pay such amount directly to the public charter school semimonthly. Such state share of per pupil funding shall be based on the Standards of Quality per pupil funding and per pupil share of state sales tax funding enacted in the current appropriation act.

The Department of Education shall transfer to the public charter school all federal funds described in § 22.1-88 directly associated with any pupil served by the school, including funds for the individualized education program of any special education student enrolled in the public charter school.

B. The management committee of a public charter school is authorized to accept gifts, donations, or grants of any kind made to the public charter school and to spend such funds in accordance with the

305 *conditions prescribed by the donor. However, no gift, donation, or grant shall be accepted by the*
306 *management committee of a public charter school if the conditions for such funds are contrary to law*
307 *or the terms of the agreement between the school board and the public charter school.*
308 *C. Contingent upon an appropriation, a public charter school located in a regional charter school*
309 *division may receive state funding to replace, in whole or in part, the local share of the Standards of*
310 *Quality per pupil funding of the underlying school division in which the public charter school is*
311 *physically located.*
