Anyone convicted of a Class 2 misdemeanor is subject to a sentence of up to six months in jail and a fine of not more than \$1,000, either or both.

There is not enough information available to reliably estimate the increase in jail population as a result of this proposal. However, any increase in jail population will increase costs to the state. The Commonwealth currently pays the localities \$4.00 a day for each misdemeanor or otherwise local-responsible prisoner held in a jail. It also funds a large portion of the jails' operating costs, e.g. correctional officers. The state's share of these costs on a per-prisoner, per-day basis varies from locality to locality. However, according to the Compensation Board's most recent Jail Cost Report (November 2021), the estimated total state support for local jails averaged \$37.58 per inmate, per day in FY 2020.

9. Specific Agency or Political Subdivisions Affected: Department of Wildlife Resources; local and regional jails; courts

10. Technical Amendment Necessary: No.

11. Other Comments: None.
