2. Patron: Taylor

3. Committee: Education

4. Title: School boards; method of selection; election required.

5. Summary: Requires election as the method of selecting the members of each school board in the Commonwealth. Current law requires such members to be appointed but permits their election under certain circumstances. The bill also permits any appointed school board to pay each of its members an annual salary that is consistent with the salary procedures and no more than the salary limits provided for local governments in relevant law or as provided by charter, with certain exceptions and conditions.

6. Budget Amendment Necessary: No

7. Fiscal Impact Estimates: Preliminary, see Item 8.

8. Fiscal Implications: There is no anticipated state fiscal impact in the 2022- 2024 Biennium. School divisions' costs for school board members are included in Basic Aid per pupil calculations as part of rebenchmarking the Direct Aid to Public Education budget. Increases in school board member salaries may result in an increase in the prevailing costs that are used in future rebenchmarking and increase state funding. Any additional state cost in outgoing years is indeterminate at this time and would be based on rebenchmarking for future biennia. Local school divisions would have to provide the local share required to match any additional state funds based on each division's local composite index. The actual fiscal impact to local school divisions is indeterminate at this time

9. Specific Agency or Political Subdivisions Affected: Localities, local school divisions, Direct Aid to Public Education

10. Technical Amendment Necessary: No

11. Other Comments: None
