

Department of Planning and Budget 2022 Fiscal Impact Statement

1. Bill Number: HB1290- H1

House of Origin	<input type="checkbox"/> Introduced	<input checked="" type="checkbox"/> Substitute	<input type="checkbox"/> Engrossed
Second House	<input checked="" type="checkbox"/> In Committee	<input type="checkbox"/> Substitute	<input type="checkbox"/> Enrolled

2. Patron: Hayes

3. Committee: Committee on Rules

4. Title: Public bodies; security of government databases and data communications.

5. Summary: Requires every public body to report to the Virginia Fusion Intelligence Center all known incidents that threaten the security of the Commonwealth's data or communications or result in exposure of data protected by federal or state laws and all other incidents compromising the security of the public body's information technology systems with the potential to cause major disruption to normal activities of the public body or other public bodies. The bill requires such reports to be made to the Virginia Fusion Intelligence Center within 24 hours from when the incident was discovered, and that the Center promptly notify the Chief Information Officer of the Commonwealth (CIO) or his designee upon receipt of such reports. The bill also directs the CIO to convene a work group to review current cybersecurity reporting and information sharing practices and to make recommendations on the best practices for reporting such incidents with a report due by November 15, 2022.

6. Budget Amendment Necessary: No

7. Fiscal Impact Estimates: See item 8.

8. Fiscal Implications: The Virginia Information Technology Agency, Virginia State Police, and the Virginia Emergency Management Department expect the fiscal impact of this bill to be minimal and able to be absorbed within current resources. The process of incident reporting would not require new systems or personnel for public bodies.

9. Specific Agency or Political Subdivisions Affected: All state and local public bodies beyond the executive branch agencies that are currently required to report these incidents.

10. Technical Amendment Necessary: No

11. Other Comments: None
