4. Title: Pediatric survivors of sexual assault; Task Force on Services for Survivors of Sexual Assault.

5. Summary: Expands from under 13 years of age to under 18 years of age the age range of the pediatric survivors of sexual assault for whom each hospital must develop a plan for providing either pediatric sexual assault survivor treatment services or transfer services to an approved pediatric health care facility. The bill also adds a representative of a forensic clinic to the existing Task Force on Services for Survivors of Sexual Assault.

6. Budget Amendment Necessary: No.

7. Fiscal Impact Estimates: Minimal see item 8.

8. Fiscal Implications: The provisions of this bill, as amended, would not have a fiscal impact on the Virginia Department of Health. Any fiscal impact to amend regulations can be handled within existing resources.

9. Specific Agency or Political Subdivisions Affected: None.

10. Technical Amendment Necessary: No.

11. Other Comments: VDH can absorb the cost to promulgate regulations for the provisions of a single bill with existing resources. However, if a large number of bills become law with a requirement that VDH promulgate or modify regulations, then VDH indicates it will need additional resources to handle the increase in workload.
