4. Title: Public health emergency; out-of-state licensees; deemed licensure.

5. Summary: Any practitioner of a profession regulated by the Board of Medicine who is licensed in another state or the District of Columbia and who is in good standing with the applicable regulatory agency in that state or the District of Columbia from engaging in the practice of that profession in the Commonwealth with a patient located in the Commonwealth when (i) such practice is for the purpose of providing continuity of care through the use of telemedicine services as defined in 38.2-3418.16 and (ii) the patient is a current patient of the practitioner with whom the practitioner has previously established a practitioner-patient relationship and the practitioner has performed an in-person examination of the patient within the previous 12 months. For the purposes of this subdivision, if a patient is (a) an enrollee of a health maintenance organization that contracts with a multispecialty group of practitioners, each of whom is licensed by the Board of Medicine, and (b) a current patient of at least one practitioner who is a member of the multispecialty group with whom such practitioner has previously established a practitioner-patient relationship and of whom such practitioner has performed an in-person examination within the previous 12 months, the patient shall be deemed to be a current patient of each practitioner in the multispecialty group with whom each such practitioner has established a practitioner-patient relationship.

When the Board of Health has issued an emergency order pursuant to 32.1-13, the Board may waive (i) the requirement for submission of a fee for renewal or reinstatement of a license to practice medicine or osteopathic medicine or as a physician assistant or nurse practitioner and (ii) the requirement for submission of evidence satisfactory to the Board that a practitioner whose license was allowed to lapse for failure to meet professional activity requirements has satisfied such requirements and is prepared to resume practice in a competent manner for any person who held a valid, unrestricted, active license to practice such profession within the four-year period immediately prior to the application for renewal or reinstatement of such license.

When the Board of Health has issued an emergency order pursuant to 32.1-13, the Board may waive (i) the requirement for submission of a fee for renewal of a license or (ii) the requirement for submission of evidence satisfactory to the Board that a licensee whose license was allowed to lapse by failing to renew his license is prepared to resume practice in a

competent manner for any person who held a valid, unrestricted, active license to practice nursing within the four-year period immediately prior to the application for renewal of such license.
