

Department of Planning and Budget

2022 Fiscal Impact Statement

1. Bill Number: SB130

House of Origin	<input type="checkbox"/> Introduced	<input type="checkbox"/> Substitute	<input type="checkbox"/> Engrossed
Second House	<input type="checkbox"/> In Committee	<input checked="" type="checkbox"/> Substitute	<input type="checkbox"/> Enrolled

2. Patron: Favola

3. Committee: Health, Welfare and Institutions

4. Title: Certificate of public need; conditions and licensure of nursing homes and hospitals, etc.

5. Summary: Provides for an exemption from the requirement for a certificate of public need, for the duration of the State Health Commissioner's determination, emergency order of the State Board of Health, or Commissioner's exercising of authority on behalf of the Board, plus a period of 30 days, for projects involving a temporary increase in the total number of beds in an existing hospital or nursing home, which may include temporary structures or satellite locations that are operated by the hospital or nursing home in response to a public health emergency, when the Commissioner has determined that a natural or man-made disaster has caused the evacuation of a hospital or nursing home and that a public health emergency exists due to a shortage of hospital or nursing home beds, or when the Board has made an emergency order or the Commissioner is exercising authority on behalf of the Board for the purpose of suppressing nuisances dangerous to the public health and communicable, contagious, and infectious diseases and other dangers to the public life and health.

6. Budget Amendment Necessary: See item 8.

7. Fiscal Impact Estimates: See item 8.

8. Fiscal Implications: While it is assumed that legislation impacting Virginia's Certificate of Public Need (COPN) law may have fiscal implications for the Department of Medical Assistance Services (DMAS), as one of the largest purchasers of health care services in Virginia, there is insufficient data to provide a definitive estimate of the cost impact of most proposed COPN legislation.

The provisions of this bill would not have a fiscal impact on the Virginia Department of Health. Any fiscal impact to amend regulations can be handled within existing resources.

9. Specific Agency or Political Subdivisions Affected: Department of Medical Assistance Services.

10. Technical Amendment Necessary: No.

11. Other Comments: VDH can absorb the cost to promulgate regulations for the provisions of a single bill with existing resources. However, if a large number of bills become law with a requirement that VDH promulgate or modify regulations, then VDH indicates it will need additional resources to handle the increase in workload.
