

Department of Planning and Budget 2022 Fiscal Impact Statement

1. Bill Number: SB133

House of Origin	<input checked="" type="checkbox"/>	Introduced	<input type="checkbox"/>	Substitute	<input type="checkbox"/>	Engrossed
Second House	<input type="checkbox"/>	In Committee	<input type="checkbox"/>	Substitute	<input type="checkbox"/>	Enrolled

2. Patron: Chase

3. Committee: Privileges and Elections

4. Title: Elections, ballots; ballot fraud security measures.

5. Summary: Requires any printer or vendor supplying ballots in an election for state or federal office to be ISO 27001 certified, ISO 17025certified, or ISO 9001:2015 certified. The bill also requires any ballot used in an election for state or federal office to include a unique bar code or quick response code that is accessible only to the voter and that tracks the voter's ballot as it is processed and to include the use of at least two other ballot fraud security measures from a list of approved measures.

6. Budget Amendment Necessary: See Item 8.

7. Fiscal Impact Estimates: Preliminary; see Item 8.

8. Fiscal Implications: Localities are responsible for printing ballots. Therefore, the proposed legislation is not expected to have a state fiscal impact assuming that the Department of Elections would be responsible for issuing guidance regarding the ballot fraud security measures required in this bill only and localities would be responsible for any potential cost to ensure ballots meet such requires.

9. Specific Agency or Political Subdivisions Affected: Virginia Department of Elections, State Board of Elections, and localities (General Registrars and Electoral Boards).

10. Technical Amendment Necessary: No.

11. Other Comments: None.

Date: 1/17/2022
