6. Budget Amendment Necessary: No.

7. Fiscal Impact Estimates: Final. See item 8.

8. Fiscal Implications: This legislation may increase the costs of eminent domain proceedings by increasing certain administrative burdens for entities utilizing eminent domain as well as increasing the potentially reimbursable amounts for survey costs and fees and costs incurred in filing certain petitions. Additionally, the bill may increase costs to the Virginia Department of Transportation (VDOT) by requiring VDOT to reimburse property owners for fees and costs related to filing petitions in the circuit court for the appointment of commissioners or the empanelment of a jury to determine just compensation under certain circumstances. The number and nature of proceedings which would result in increased costs

to VDOT or other entities utilizing eminent domain is unknown; as a result, the fiscal impact of this legislation is indeterminate.

The Virginia Department of Transportation relies on revenues generated for highway maintenance operations, which are fully appropriated in the 2022 Budget Bill (HB30/SB30). Although additional appropriation is not needed, the agency will need to redirect funding from other budgeted activities to address the potential costs associated with this legislation.

9. Specific Agency or Political Subdivisions Affected: Virginia Department of Transportation, governmental entities utilizing eminent domain.

10. Technical Amendment Necessary: No.

11. Other Comments: None.
