Referred to Committee on General Laws and Technology

Be it enacted by the General Assembly of Virginia:

1. That §§ 54.1-100, 54.1-114, and 54.1-204 of the Code of Virginia are amended and reenacted as follows:

§ 54.1-100. Regulations of professions and occupations.

The right of every person to engage in any lawful profession, trade, or occupation of his choice is clearly protected by both the Constitution of the United States and the Constitution of the Commonwealth of Virginia. The Commonwealth cannot abridge such rights except as a reasonable exercise of its police powers when (i) it is clearly found that such abridgment is necessary for the protection or preservation of the health, safety, and welfare of the public and (ii) any such abridgment is no greater than necessary to protect or preserve the public health, safety, and welfare.

No regulation shall be imposed upon any profession or occupation except for the exclusive purpose of protecting the public interest when:

1. The unregulated practice of the profession or occupation can harm or endanger the health, safety, or welfare of the public, and the potential for harm is recognizable and not remote or dependent upon tenuous argument;

2. The practice of the profession or occupation has inherent qualities peculiar to it that distinguish it from ordinary work and labor;

3. The practice of the profession or occupation requires specialized skill or training and the public needs, and will benefit by, assurances of initial and continuing professional and occupational ability; and

4. The public is not effectively protected by other means.

No regulation of a profession or occupation shall conflict with the Constitution of the United States, the Constitution of Virginia, the laws of the United States, or the laws of the Commonwealth of Virginia. Periodically and at least annually, all agencies regulating a profession or occupation shall review such regulations to ensure that no conflict exists.

It is the intent of the General Assembly to enhance opportunities of gainful employment for all Virginians, including those who demonstrate rehabilitation after having been convicted of criminal offenses.

§ 54.1-114. Biennial report.

A. The Board of Bar Examiners, the Department of Professional and Occupational Regulation and the Department of Health Professions shall submit biennial reports to the Governor and General Assembly on or before November 1 of each even-numbered year. The Department of Health Professions shall include, in those portions of its report relating to the Board of Medicine, a compilation of the data required by § 54.1-2910.1.

B. The biennial report shall include, with respect to all licenses, certificates, and registrations made:

1. The total number of applicants and of that number, the number of those granted a license and the number of those denied;

2. The total number of examinations administered and of that number, the number of applicants who were successful and the number of applicants who were unsuccessful in passing the examination requirements;

3. The number of initial applicants and renewal applicants with a criminal record and of those numbers, the number of times each board acted to grant the application or to deny, diminish, suspend, revoke, withhold, or refuse to renew or otherwise limit the requested license, certificate, or registration
