HB30/SB30, as introduced, includes funding for three additional full-time equivalent (FTE) positions in the State Building Code Office at the Department of Housing and Community Development (DHCD) for the biennium to provide support for current operations of the office (including the code academy and the BHCD process), and address the increases in demand for staff time related to the Governor's and General Assembly's priorities for the building code. With the funding provided in the introduced budget, DHCD does not anticipate the need for additional staff or resources to administer the provisions of this bill.
